#### ODELL'S THIRD TERM LEAGUE

CANAL CONTRACTORS SAY HE MUST RUN IN 1904.

New State Administration Might Embarrass Holders of Contracts Which Will De Given Out if the People Vote for the \$101,000,000 Expenditure.

Among the canal contractors who are active in politics as well as generous in their campaign contributions an announcement made by Gov. Odell the other day was joy-

"My only ambition at present," said he, "is to be Governor of New York."

"That is good news," said one contractor, who had a piece of the \$9,000,000 contract. "We take it to mean that the Governor is going to be a candidate for a third term. He ought to have it. You see when the \$101,000,000 canal expenditure has been approved by the people next November the law provides that the work shall be put under way at once. Gov. Odell will have one more year to serve. It is probable that we can-that is, that things will be fixed up in that year so that all the contracts will be let and all the resident engineers and other extra employees will be appointed. But to insure the success of the job we ought to have Benjamin B. Odell for Governor two years longer; that is, while the \$101,-000,000 is being checked out. The carrying out of the scheme ought to be in the hands of the administration which drew the bill and starts off the work.

"There are a thousand reasons why it should be so in order that the closest harmony may exist between the contractors and the State. Suppose, for example, that I get a contract under the present State administration for a section of the canal. Conditions may arise that would make it necessary for me to get a little more money than the sum named in the contract. The State Engineer can order extra and unspecified work to be paid for in excess of the contract price, and in that way I can be squared up to a decent price for my work. You see if some fellows not in our crowd bid on this work we may have to cut our regular figures a bit to go under them, and the only way we can get that money back is by orders for extra work

"Now, with a different Governor and a different Superintendent of Public Works there might be some friction. These little agreements made under one administration might not be understood by another, and that would be embarrassing.

Then, too, a new administration might change the resident engineers or the board of experts and break up the most amicable relations. To continue business-like ar-

improving the channel of the Erie Basin, Buffalo, between Buffalo River and Slip?. When bids were opened the first time the Buffalo Dredging Company bid \$66,645 and the Lake Erie Dredging Company bid \$63,755. The Buffalo Dredging Company is a strong financial contracting company made up wholly of politicians, Democratic and Republican. Frank L. Bapst. ex-chairman of the Democratic County Committee, is the head of the concern. Reuben E. Goetz, a member of the Republican County Committee, and his brother-in-law, George H. Williams, are officers and stockholders. Their bid was high. All bids were rejected.

On the second bidding Henry P. Burgard, a former member of the Democratic State Committee, appeared as a bidder and he offered to do the work for \$63,515. Once more the bids were thrown out. On the third bidding the Lake Erie Dredging Company did not make a tender. Mr. Burgard, who is very close with the politicians of the Buffalo Dredging Company bid \$41,421.60. While the conditions were the same as on the two earlier propositions, each had suddenly reduced his bid \$20,000, or 33 1-3 per cent.

The contract was given to the Buffalo Dredging Company.

Beyond a doubt if the \$101,000,000 appropriation goes through there will be a solid organization for a third term for

Beyond a doubt if the \$101,000.000 appropriation goes through there will be a solid organization for a third term for Gov. Odell from one end of the canal to the other. And yet some Republicans are sceptical of the result. The Hon. John I. Platt, who has been a delegate to every Republican State Convention for many years and was a member of the platform committee at the last convention, said the other day:

"In the event of Gov. Odell's nomination for a third term he would be beaten worse than Folger was."

TO DIVIDE OLD BREATHITT. Kentucky Plan to Stop Feuds by Splitting Up the Lawless County.

LOUISVILLE, May 10.-Leading merchants of Breathitt county, which has been beset with death feuds for the last two years, have expressed themselves as in favor of dividing up the county and making it of dividing up the county and making it a part of the adjoining counties. The attention of Gov. Beckham has been directed to this as a solution of the difficulty confronting him, and he is considering the advisability of taking up the project. Gov. Beckham will probably have the friends of peace get up a petition in the county asking for such action and he will incorporate the suggestion in his next message to the Legislature, if indeed he does not call an extra session of the Legislature to take immediate action. He has been advised to do this and has shown an inclination to respond.

QUELLED THE EASTMAN GANG. Career of the Man Who Was Accused of

Shooting Martin Bloom. James Donovan, who was arrested on Saturday night, charged with shooting Martin Bloom of 232 East Seventy-nit street in front of Donovan's saloon at 57 Bowery, was discharged yesterday in the Essex Market police court. The police said that Bloom could not identify him and that they had learned that some one

else did the shooting. Donovan has the distinction of routing the Monk Eastman gang single handed. About two years ago several of Eastman's of experts and break up the most amicable relations. To continue business-like arrangements we must have the same set of men to deal with for three years, and by that time everything will be just right."

The Third Term League for Gov. Odell is likely to become a very powerful organization if the canal project is acted on favorably by the voters in November.

What a powerful ally the Governor will have in the person of his Superintendent of Public Works is illustrated in a page of the official report of that officer now in the hands of the printer. Under the Davis act the superintendent may reject any and all bids on every contract and can keep on doing this until a contractor who is "in right" proves to be the lowest bidder.

Last year the largest single contract let for canal work was for deepening and improving the channel of the Erie Basin, Buffalo, between Buffalo River and Slip?.

When bids were opened the first time the Buffalo Dredging Company bid \$63.755. The Buffalo Dredging Company is a strong financial contracting company made up wholly of politicians, Democratio and Republican. Frank L. Bapst, ex-chairman of the Democratic County Committee, is the head of the concern. Reuben E. Goetz, a member of the Republican County Committee, and his brothers in low Concern. Helben E. Goetz, a member of the Republican County Committee, and his brothers in low George H. Williams.

CALVERT ESTATE SOLD.

Home of the Former Barons of Maryland May Become a Sanitarium.

UPPER MARLBORO, Md., May 10 .- The Mount Airy homestead, the home of the late Miss Eleonora Calvert and her brother Cecilius Calvert, has been sold to Mrs. Frances Gibson of Ohio for the sum of \$11,000. The 800 acres are near Rosaryville. Since the death of Miss Calvert, the property was purchased for \$10,000, and it was known Secretary of State Hay was the suc-

cessful bidder.

After a short period it was found that others were willing to pay an additional price, and although the sale was considered closed in the courts of Prince George, the question of the right of the trustees to perfect the sale was taken up, and when higher figures were offered the sale was closed. Mr. Hay said that he would withdraw his bid.

Thus the homestead of the illustrious Calverts—the barons of Maryland—and for more than two hundred years the residence more than two hundred years the residence of the best-known family of Maryland, passed into the hands of strangers. It is said that the once large estate of the Calverts will go into the hands of a benevolent association to be used for a hospital and sanitarium.

ARCHBISHOP KAIN'S REST. On Cardinal Gibbons's Advice, He Will Go

at Once to Baltimore. ST. LOUIS, May 10 .- On Cardinal Gibbons's advice Archbishop Kain will leave for Baltimore on Monday morning and there enter St. Agnes's Sanitarium, where he will be under the care of Dr. Osler. Until a week ago the Archbishop had intended to seek recuperation at Eureka Springs, Ark., but the Cardinal persuaded him that the moun-tainous country at that resort would work against a patient like himself, whose chief affliction lies in his impaired power of

The death of the Archbishop's physician, Dr. Bryson, also contributed to his selection of the sanitarium at Baltimore. Priests of the diocese do not believe that the Arch-bishop will ever be able to resume his duties.

## Beautiful Silverware

Doubly Attractive for Its Little Prices

OUR expert just recently returned from a successful visit to the silverware manufacturers. He was fortunate in discovering some very fine surplus lots among the manufacturers who supply us with our regular stocks. These he secured at a third to a half below their regular prices. Not because the goods deserved a price-reduction, for they are new and perfect, as well as beautiful, but simply because the manufacturers are constantly changing their patterns, and these happen to be styles that would not go into their new catalogues next season. They are identical with goods sold at full prices in high-class silverware stores all over the country, and are regular goods in every way up to the moment that they go on sale here at the new prices we are able to quote.

The display in our Basement Store this morning is quite elaborate, and will delight every housekeeper who wishes to add to her supply of silverware. This means a particularly fine opportunity for those who are furnishing Summer homes.

The collection includes a very complete assortment of hollow ware, including some very fine pieces in nickel silver; also a full variety of pieces in flat ware, giving a choice of four patterns. This is quite unusual in an under-price sale.

Of course, there are many things of which we have only two or three pieces of a kind, but those who come promptly this morning will find it well worth their while to have made a little unusual effort. Every piece in the sale is worth a half more than its price to-day, and many are worth double their present price. Here are the items:

Quadruple-Plated Table Ware a Third and More Under-Price

and More Under-Price

5-piece Tea Sets, \$9.50, \$10, \$10.75, \$11.25, \$13.75 and \$15.

### The Greatest Offering of the Year in Dress Summer

WE have just closed an operation with a manufacturer of dress fabrics that brings the most important offering that has been announced anywhere for a year, at least. The fabric is a Mercerized Striped Linen Batiste. The ground is in the natural linen or pongee color, and the fabric is linen one way and cotton the other; the cotton being specially treated to have the effect of linen, while producing a smooth and more dainty fabric than all-lined would be.

The fabric contains wide mercerized cotton stripes which are very artistic and effective. We have been selling this same fabric in our regular stock at 85c. a yard, which was its fair value. By reason of buying 150,000 yards, which was the manufacturer's surplus after his season's selling was

#### At Fifteen Cents a Yard

This is less than half price for one of the coolest, daintiest and most serviceable fabrics you can secure for Summer gowns.

Some of the stripes are in fancy figures, very high finish; others are in lace effects. The goods are brand-new-in fact, the entire lot is not yet out of the hand of the finishers; and while we have 25,000 yards on hand this morning, the balance of the consignment will come to us tomorrow and during the week, as fast as finished. This not only adds to the desirability of the goods in the matter of freshness, but assures those who send prompt orders by mail that their wishes will be well

15c. a yard for regular 35c. fabrics.

### Serge Suits

For Summer Comfort

NO better Summer Suit than the suits of serge.

No better place to buy it than Wanamaker's. You get the ordinary standard of WANA-MAKER style and tailoring which is far above the ordinary, when measured by usual tests.

Then you are sure of fabrics we're sure of. That means-won't fade, won't shrink-good things to be certain of when you're buying a suit that's apt to get copious doses of sunlight and salt air-not to speak of salt water.

And, besides all this, you get the benefit of the lowest possible prices-remember, just here, that the price, to be low, must bring into consideration all of the above essentials.

Single-breasted Sack Suits of blue or black serge, at \$10, \$12 and \$15.

Double-breasted Sack Suits, of blue serge, \$15 and \$18.

Very handsome Single-breasted Sack Suits of blue serge; half lined with silk, with all the appearance of fine custom tailoring costing double-at \$20. Second foor. Fourth avenue.

#### Fine New Foulard Silks Half Price and Less

20.000 Yards of 75c to \$1.25 Summer Silks at 45c a Yard

MONDAY morning shoppers will be delighted when they clap their eyes on this superb collection of fine, new Printed Foulards. More than two hundred neat and attractive styles make up such a variety as is rarely found in an under-price offering.

The silks were secured from one of the best silk houses in the country, who had sufficient reason for selling this stock quickly, hence an offering of unexpected character many weeks ahead of the time when such price-concessions would seem to be necessary.

The offering includes Printed Liberty Satins. Foulards, Pongees, Shanghai and Twill Silks, in a wonderful variety of dots, designs and colorcombinations, with a very large quantity of the favored navy blue-and-white and black-and-white effects. The silks are 24 in. wide, and sell regularly at 75c., 85c., \$1 and \$1.25 a yard.

Today Choose for 45c a Yard This is not only the choicest offering we have

made this season, but it is probably the best that will come even when the odds and ends of Summer stocks are ready to be sold.
